

# Get even more great presets for Ableton Live

Thank you so much for trying this pack! 🎉

There are plenty more sounds to explore in the full ANLG pack at [elphnt.io/store/anlg](https://elphnt.io/store/anlg)

As a thanks for your interest in what I do, here's a code to take **25% off the full version of ANLG... or anything else in the store:**

***make-awesome-music***

It's just me around here, so any additional support makes a world of difference and helps me keep making cool things for you to use.

I'll see you around,

**Tom / ELPHNT**
